ABOUT ME

I'm a Laravel Developer with over 1.5 years of hands-on experience in building responsive, real-world web applications. My background includes freelance, remote development work and an on-site internship, where I've delivered modern, user-friendly solutions. I specialize in developing clean user interfaces and scalable back-end systems using Laravel, PHP, JavaScript, HTML, CSS and Bootstrap. I'm now seeking a full-time opportunity where I can collaborate with dynamic teams, contribute to meaningful projects and continuously grow my technical expertise.

EDUCATION

COMSATS University Islamabad, Wah campus

September 2021 – July 2025

Bachelor of Science in Software Engineering

CGPA: 3.59 | **Specialization:** Web Development

- Designed and developed multiple semester projects, enhancing skills in web development, database management and software engineering.

SKILLS

Languages & Frameworks: Laravel (including REST API development), PHP, JavaScript, Python, HTML, CSS

API & Backend Development: REST API Design, API Authentication (Passport, Sanctum)

Database & Optimization: MySQL, Query Optimization, Eloquent ORM, Laravel Query Builder

Front-End Development: Responsive Web Design, Bootstrap, Figma, Canva, UI/UX Fundamentals

Tools & Workflow: Git, GitHub, VS Code, Postman

SEO & Web Optimization: On-Page SEO, Technical SEO, Site Auditing, Keyword Research

(Familiar with SEO Tools: Ubersuggest, Ahrefs)

WORK EXPERIENCE

Intern | Pakistan Ordnance Factories (Wah Cantt)

July 2024 – October 2024

- Collaborated with a team to design and implement responsive and user-friendly web solutions.
- Gained hands-on experience in Laravel, refining backend logic and frontend interactivity.
- Applied industry best practices to optimize code efficiency and maintainability.

Intern | SoftifyMe (Islamabad)

Feb 2025 – May 2025

- Worked on the **Friends Brothers Sports (FBS)** website, performing a full audit to assess performance, responsiveness and user experience

- Identified and resolved issues related to layout, design and SEO, improving overall website functionality and appearance
- Contributed to front-end enhancements and optimization for better speed and mobile usability

Laravel Developer | Rafenthic IT Solutions (Remote)

May 2025 – Present

- Working with **Rafenthic**, a software company empowering startups and growing businesses through digital solutions
- Developing and maintaining scalable Laravel-based web applications tailored to client needs, including course platforms and business tools

Website: <http://rafenthic.com/>

PROJECTS

PlagProbe (Final Year Project)

- Designed and developed an **AI-driven plagiarism detection system** for text, handwritten assignments, programming code and presentations.
- Building two distinct user panels: **Student Panel** and **Teacher Panel**
- **Technologies Used:** Laravel, PHP, HTML, CSS, JavaScript, Python, AI Algorithms, MySQL.

URL: <http://plagprobe.horizedge.top/>

Oasis Flow – Water Delivery Website (Commercial Project)

- Implemented secure login systems and responsive layouts for mobile and desktop users
- **Technologies Used:** Laravel, PHP, HTML, CSS, JavaScript, MySQL

URL: <http://oasisflow.ae/> or <http://oasisflow.horizedge.top>

Rafenthic IT Solutions – Company Website

- Developed the official website for Rafenthic IT Solutions, a software company that empowers startups and growing businesses with digital solutions
- **Technologies Used:** Laravel, PHP, HTML, CSS, JavaScript

URL: <http://rafenthic.com/>

School Management System

- Built a system to manage student records, attendance, and teacher evaluations.
- **Technologies Used:** Laravel, PHP, HTML, CSS, JavaScript, MySQL.

Cricket Seats Booking System

- Implemented user-friendly UI for seat selection, booking flow and confirmation
- **Technologies Used:** Laravel, HTML, CSS, JavaScript

Additional Projects (Front-End Only)

Developed engaging user interfaces with a strong focus on UI/UX, using HTML, CSS and JavaScript.

- Spotify Clone
- Netflix Clone
- Amazon Website Clone
- Cafe Delivery System
- Food Delivery System
